

Preliminary ver.

Smart Construction Fleet Release Note

App Ver : **5.11.0**

Scheduled Release : **January 7th (Tuesday), 18:00 to 19:00 (JST)**

We are planning to release new features for Smart Construction Fleet.

<<The feature to be added this time>>

- [Web] Playback feature for travel history videos
- [Web] Function to change vehicle roles in the "Real-Time Viewer"
- [Web] Display SC Whiteboard vehicle location information in the "Real-Time Viewer"
- [Mobile] Restrict screen taps when driving at speeds over 10 km/h

<< Minor adjustments >>

- [Web] Adjust the "Travel History" menu to display trajectories only for the selected time period
- [Mobile] Enable immediate login after creating a new vehicle
- [Mobile] Allow access to certain settings menu functions in offline environments

This release will not impose any system usage restrictions during maintenance.

A pre-update of the mobile app is not mandatory for this release.

We have included instructions on how to set up automatic updates on iPhone at the [end of this document](#).

Please feel free to use them as needed.

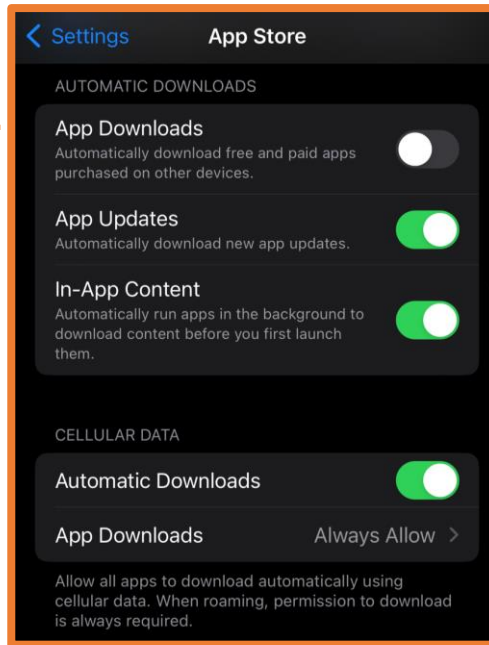

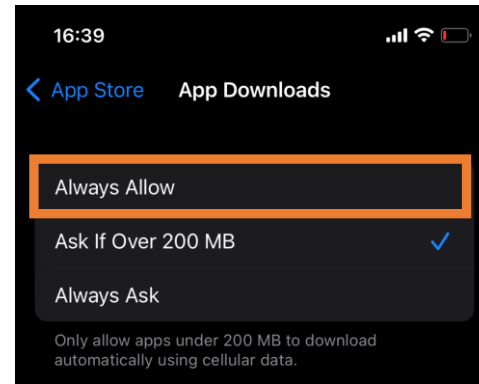

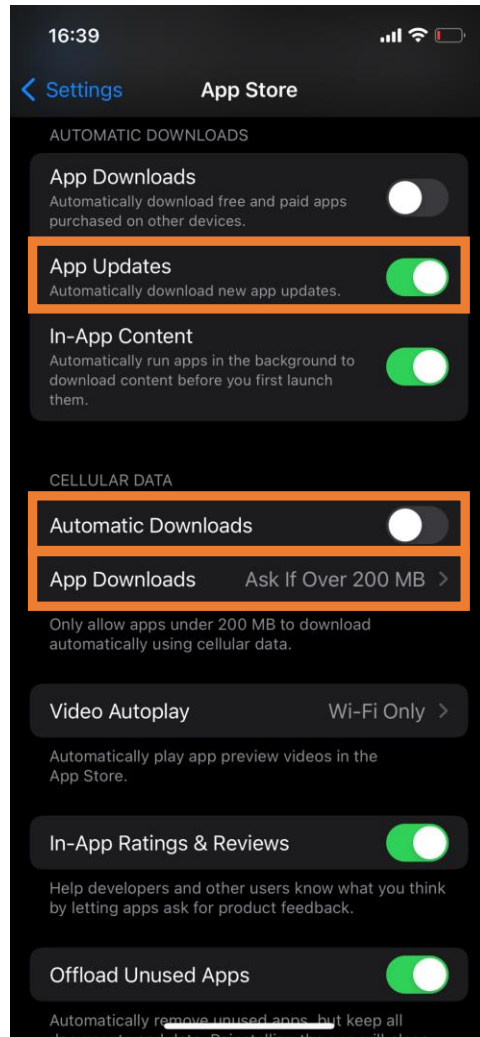

The mobile app is scheduled for store release on Friday, December 27th.

✘**The timing of the mobile app's store release may vary depending on the review process.**

Appendix

On iPhone, by pre-setting the following, the app will be automatically updated via mobile data when updated in the store.

✓ **Android devices may have different settings menus depending on the manufacturer**

1. Open the "Settings" app
2. Tap on "iTunes & App Store"
3. Turn on "App Updates"
4. Turn on "Automatic Downloads"
If this option is turned off, automatic updates will only occur when connected to Wi-Fi.
5. Tap on "App Downloads"
6. Choose "Always Allow"
7. Setting is finished
